CCC ISSUES MONTHLY SALES LIST FOR AUGUST 1977:

WASHINGTON, July 29--The U.S. Department of Agriculture (USDA) announced today the minimum prices at which Commodity Credit Corporation (CCC) commodity holdings are available for sale beginning at 2:30 p.m. (EDT) today. These prices, subject to amendment, will continue until superseded by the September monthly sales list. Sales policies for the 1977-78 marketing year for grains, and rice, will be announced at a later date, consistent with the provisions of pending legislation to be finally enacted by Congress. The August list of commodities is changed from the July list by deletion of rice pending 1977-78 marketing year sales price determination.

In this sales list: "Unrestricted use" applies to sales which permit either domestic or export use and "export" applies to sales, which require export. "Market price" means prices as determined by CCC.

Nonfat dry milk, butter and cheese are listed for unrestricted use sale. Crude peanut oil is listed for restricted use sale.

Odd lots and off-quality lots are sold promptly and may not appear in the Monthly Sales List. CCC may limit sales quantities. Nonstorable commodities will be sold at not less than the market price.

CCC reserves the right to refuse to consider an offer if it does not have adequate information of financial responsibility of the offerer to meet contract obligations of the type contemplated in this announcement. Interest at 8 percent will be charged for delinquent payments on all sales.

On sales for which the buyer is required to submit to CCC proof of exportation, the buyer shall be regularly engaged in the business of buying or selling commodities and for this purpose shall maintain a bona fide business office in the United States, its territories or possessions and have a person, principal, or resident agent upon whom service or judicial process may be had.

Buyers are responsible for obtaining any required U.S. Government export permit or license. Purchase from CCC shall not constitute any assurance that any permit or license will be granted by the issuing authority.

Exports to certain countries are regulated by the U.S. Department of Commerce. These restrictions also apply to any commodities purchased from the Commodity Credit Corporation whether sold for restricted or unrestricted use. Countries and commodities are specifically listed in the U.S. Department of Commerce Export Control Regulations. Additional information is available from the Bureau of International Commerce or from the field offices of the Department of Commerce.

To be placed on the mailing list for the Monthly Sales List, make request to: Director, Commodity Operations Division, ASCS, USDA, P.O. Box 2415, Washington, D.C. 20013.
